

Bruisyard Parish Council

Precept and Grants

Precept

For the financial year 2008/2009 Bruisyard Parish Council received a precept of £1300 from Suffolk Coastal District Council

Grants Received

All grants received and promised for the building of the village hall are listed on the [Village Hall](#) page of this website.

Grants Awarded

Each year the Parish Council makes small grants to a number of charities. The charity has to be able to benefit any residents of the village if a need arises e.g. anybody may require the air ambulance at some time.

In 2007/2008 grants of £15 were made to:-

Disability Advice Service
Suffolk Accident Rescue Service
Leiston, Saxmundham and District Citizens Advice Bureau
East Anglian Air Ambulance
Age Concern

Many other Charities approach the Council for grants but the Members do not consider they meet the criteria for receiving an award.

In 2006/2007 the Parish Council also made grants totalling £200 to help set up the First Responder group.
